AUX. HYDRAULICS	2.9 gpm	7.7 gpm	2.9 gpm	7.7 gpm

CONVENTIONAL WISDOM: N4 SERIES EXCAVATORS

The standard of power and reliability, KATO's class-leading conventional tail-swing excavators deliver when you need it most.

The large counter-weight, powerful 64 hp Yanmar engine, and nearly 30 gallons per minute of auxiliary hydraulic flow makes the 55N4 one of the strongest 12,000 lb.-class excavators available anywhere.

N4 SERIES	35N4	55N4
OPERATING WT.	7,979 lbs.	12,447 lbs.
DIGGING FORCE	7,662 lbs.	11,071 lbs.
DIGGING DEPTH	10' 4"	12' 8"
AUX. HYDRAULICS	16 gpm	29.7 gpm
ENGINE	23hp Yanmar	64hp Yanmar

THE ALL-NEW ZERO TAIL-SWING V5

KATO's all-new V5 line of zero-tail swing mini-excavators builds on KATO's long record of excellence in durability, quality, efficiency & exceptional value.

Maximize utility and flexibility with the 35V5's standard-equipment expandable-tracks and optional Extend-a-Hoe Slide Arm.

UNMATCHED SERVICE

Since 1994, Compact Excavator Sales has been distributing the highest quality equipment throughout North and South America. Family owned and operated by Mike and Markie Smith, the company has always prided itself on outstanding service, quality, and customer satisfaction for over 25 years. As a family-owned business, we don't answer to a board or corporate shareholders. Our only goal is to provide you with the finest equipment and to keep it running smoothly and safely.

Our record of service is second to none.

Whether it is one machine, or a whole fleet, Compact Excavator Sales has cemented a reputation for excellence, integrity and unparalleled customer service for our dealers and end users.
